The Philosophy of Democracy.

The New York Tribune, which in Horace Greeley's time was so powerful a champion of negro enfranchisement' can hardly repress its indignation at the idea of such an extension sively proved "the folly of establishing a territorial government with practically universal suffrage among set we won't use the word "loot" in a people untrained to the exercise of it gives to "incompetent legislators and mischief-making demagogues, and it sounds the warning as to the Philippines and and West Indies

these peoples in thir ignorance and unfitness of for American citizenship Hampshire makes a good suggestion, men to rule us, or we are going once that if there is a change in the head and for all to establish the principle of the pension office, the new man that the union of states in an Amerimeasure of self government as they show they can wisely use, but con-gress cannot afford to abdicate its omplete authority, particularly in view of their demonstrated need of

guardianship. If this is true of Hawaii and the Philippines, it was even more true of Porto Rican case could not be more our regroes who at the close of the war were far inferior in point of education and every other requirement for self rule to the people of these islands that will rank very well as regards education with the average white peoples of the world. The Tribure thirty odd years ago was thundering the contrary doctrine from the standpoint of the philosophy of democracy. The negro, it declared must have the ballot to protect himself-there was no other way to save tual slavery and from being subject of Luzon need against us the protection all sorts of abuses and robberies at the hands of men having unlimited and unchecked power over him. This was true, and it was also true, as the Tribune well argued then, that the Tribune well argued then, that the tual slavery and from being subject It was Benjamin Franklin who of was true, and it was also true, as the fered tis remark. It is doubtful if in Tribune well argued then, that the all his long life Jefferson ever came so only way to train and and fit any pen- tature. ple for self rule was to set them at it. that the great virtue of Democracy was that it contained within itself the chance for remedy for its own These be wholesome words, truly,
